400

Business Leaders in the Edinburgh City area

"Local business leaders enjoyed supporting the school and increasing their visibility in the community. Some business leaders were keen to participate in the project as a contribution to their ongoing CPD." *Martin Milmore (organising teacher)*

STEM careers carousel for P7 pupils. The speakers addressed small groups of pupils about taking STEM subjects at school. They also demonstrated some of the activities they did as part of their everyday job.

"Staff enjoyed listening to the range of speakers, particularly those with a career that linked to a school topic. Staff found the event engaging for pupils as it demonstrated the real world application of STEM subjects learning." *Martin Milmore (organising teacher)*

Curriculum For Excellence

I can extend my knowledge and understanding of engineering disciplines to create solution.

[TCH 2-12a](#)

I can create, develop and evaluate computing solutions in response to a design challenge.

[TCH 2-15a](#)

I can investigate how product design and development have been influenced by changing lifestyles. [TCH 2-05a](#)

Career Education Standard

- I can discuss the relevance of skills to the wider world and make connections between skills and the world of work.
- I can explain to others my ambitions/what I would like to do and look for ways to achieve them/that.
- I can recognise the skills I have and need for work.
- I can identify people in my network who help me broaden my horizons.
