

# THE GREENWOOD ACADEMY

Founders4Schools inspires students towards high-impact career paths

600

Student-employer encounters set up by the college

1

Event created by teachers at the school

5

Minutes taken for teachers to organise each event

94%

Of students leave the events feeling inspired

1

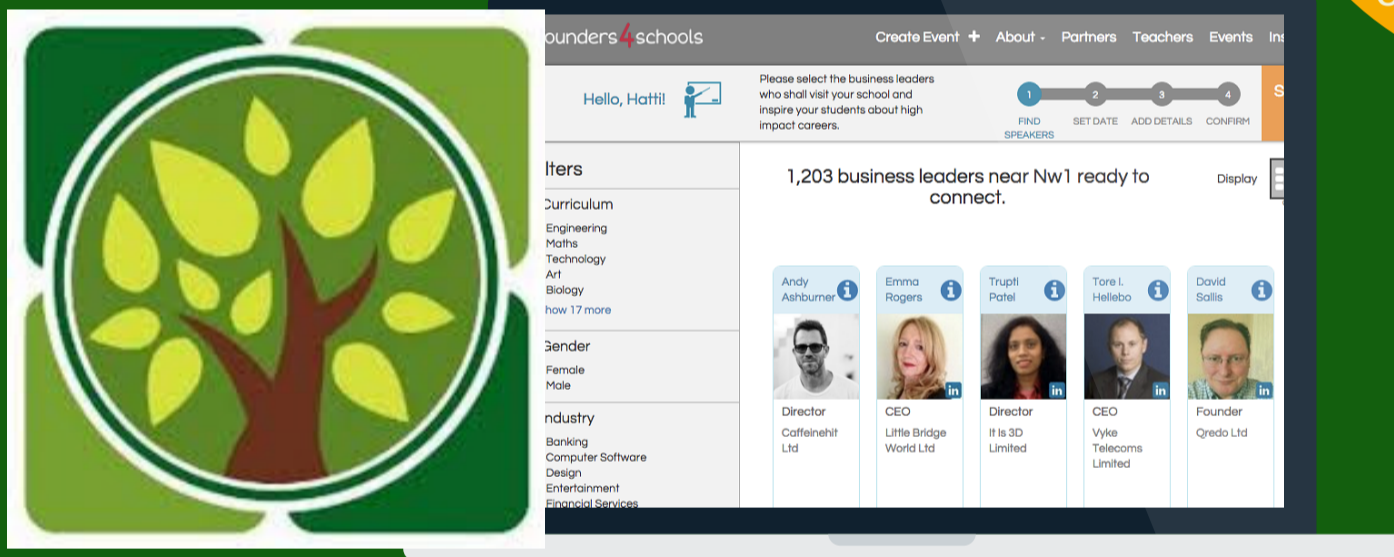

Nick Cheese, teacher at the Greenwood Academy, wanted his students to learn how they can be successful in their future transitions

So he used our platform to invite 4 local business leaders into her classroom to inspire 150 year 9 students to focus their ideas on success in their future

The event went very well, I've had some good feedback from the students already

FROM NICK

3

FROM NICK'S STUDENTS

Don't give up

It does not matter if you are male or female you can still make money

Push yourself to any limits to get your dream career, take risks as you can come better; be in control of my own life and not take it for granted

Ewen Anderson

Events like these help to keep you in touch with the real world and actually benefit both the speaker and the audience

2

Stuart Mackintosh

For me, it was of great value to put my mind to the lessons I had learned and how I should communicate this to the students at Greenwood
